

# The Source Young People's Charity

## BikeStart

Based at our workshop in Aldershot (Unit 17, Browning Barracks, Alisons Road, Aldershot GU11 2BU) we:

- Refurbish donated bikes which are then sold on eBay to generate income for our Youth Work
- Provide bike repairs, services and safety checks
- Train people in bike maintenance skills including team bonding / charity days for business

Please consider buying bikes from us, donating good quality bikes, volunteering with us, booking your bike service with us and utilising our bike maintenance training for your next charity day or team building day at work.
