

Service Premium Report 2021-2022

What is Service Pupil Premium Funding?

State schools, academies and free schools in England, which have children of service families in school years Reception to Year 11, can receive the SPP funding. It is designed to assist the school in providing the additional support that these children may need and is currently worth £310 per service child who meets the eligibility criteria.

Why was it introduced?

The Department for Education introduced the Service Pupil Premium (SPP) in April 2011 in recognition of the specific challenges children from service families face and as part of the commitment to delivering the armed forces covenant.

How does Service Pupil Premium differ from Pupil Premium Funding?

The SPP is there for schools to provide mainly pastoral support for service children, during challenging times and to help mitigate the negative impact on service children of family mobility or parental deployment. Pupil Premium was introduced to raise attainment and accelerate progress within disadvantaged groups. Service Pupil Premium is not combined with the main Pupil Premium funding and the spending of each premium is accounted for separately.

Eligibility criteria for Service Pupil Premium:

Pupils attract SPP if they meet one of the following criteria:

- one of their parents is serving in the regular armed forces (including pupils with a parent who is on full commitment as part of the full time reserve)
- they have been registered as a 'service child' on the January school census at any point since 2015, see footnote
- one of their parents died whilst serving in the armed forces and the pupil receives a pension under the Armed Forces Compensation Scheme or the War Pensions Scheme

Children have to be flagged as service children ahead of the January school census deadline. Service parents need to make the school aware of their status by talking to the head teacher or school admin staff.

How is the Service Pupil Premium funding used?

In order to support the pastoral needs of service children, The Cambridge Primary has flexibility over how the SPP is used. The DfE consider us best placed to understand and respond to the specific needs of those pupils for whom the funding has been allocated. The funding is spent on providing a variety of emotional and social support needed.

At The Cambridge Primary School, the allocation of funding supplements the main school funding and is mainly used to supplement the cost of ELSA provision (Emotional Literacy Support Assistant) and nurture groups. Staffing arrangements so that there are well-trained staff on hand to provide intervention and extension, plus any emotional and social support needed, during a child's time at the school.

In addition, the allocation of funding supplements the main school funding to provide additional staff hours, if required, to support the needs of service children when they join a new school as a result of a posting or when a parent is deployed.

SPP is not used to subsidise routine school activity (trips, music lessons etc.), however, it may be used to organise activities or events just for service children, to help them enjoy their time at school and build a sense of a wider community and understanding of the role their service parent plays (e.g. with military specific trips) to help them cope with the potential strains of service life.

School Overview

	2018-2019	2019-2020	2020-2021	2021-2022
Number on roll*	27	90	150	238
Number of children eligible for SPP funding*	6 (22%)	33 (37%)	59 (39%)	77(32%)
Amount of funding	£1800	£9900	£18290	£23870

*at time of October census

Barriers to learning for pupils eligible include:

1. Emotional impact and instability when a parent/parents are on deployment. Deployment is when a serving personnel is serving away from home for a period of time, this might be either a 6 to 9 month tour of duty, a training course or an exercise which could last for a few weeks.
2. Some pupils eligible for Service Pupil Premium do not making sufficient progress in achieving greater depth.
3. Attendance for children eligible for Service Pupil Premium funding can be an area of concern for some individuals, which can affect attainment and emotional well-being.
4. Some children with Pupil Premium funding require further support to develop their Emotional and Social skills so that they are ready to learn in the classroom environment.

Pupil Premium provision may include:

- Providing small group robust and immediate intervention with experienced teachers and Learning Support Assistants for children who have had turbulence within their education and have gaps in key concepts or skills
- Extra-curricular activities intended to promote confidence, well-being, success and activities during deployment
- Pastoral support from an ELSA or nurture group, particularly when there is turbulence, such as deployment within the family
- Educational opportunities and life experiences which will enrich the pupils' experience of school and learning (e.g. school trips and visits from professional and groups)
- Support and advice for families to ensure all Service Pupil Premium children achieve and attend school regularly

Impact from 2020-2021

ELSA provision (Emotional Literacy Support Assistant) and nurture groups has provided children with support when a parent(s) have been on deployment. This has included support for children prior to a parent(s) deployment, during or upon their return. During the Covid-19 lockdown, ELSA provision and nurture groups were delivered virtually to support children through this time. Support and advice was offered to families and families have been signposted to agencies that can offer further support. Children who received ELSA and nurture provision have been able to demonstrate improved confidence, happiness and ability to be successful. Alongside this, all staff have received nurture training and ACES and trauma training providing them with different strategies to support service children. This has empowered all staff and has given everyone more confidence to support service children as and when situations arise.

An update on the attainment and progress of pupils eligible for Service Pupil Premium funding is reported termly to the Local Advisory Committee by the head teacher. This report is published annually for parents on the school website by October 31st. The report summarises the attainment and progress of pupils who have been supported by Service Pupil Premium, evidencing how the school is striving towards minimising the impact of the potential barriers.

Throughout the school, there is rigorous monitoring of the outcomes of all proposed activities and resources to measure successful impact. This is in addition to the frequent scrutiny of attainment and progress data for pupils who are eligible for Service Pupil Premium funding.

Measuring the impact of Service Pupil Premium Funding

An update on the impact of Pupil Premium resources will be reported termly to the governing body by the head teacher. A report for parents will be published annually on the website. The reports will summarise the attainment of pupils that have been supported by Pupil Premium, evidencing how the school is striving towards narrowing the gap of difference and increasing progress for these children. Throughout the year the school will be rigorously monitoring the outcomes of all proposed activities and resources to measure successful impact.

Summary of the attainment and progress of pupils that have been supported by Service Pupil Premium 2019-2021
EYFS (only year group in the school)

Due to Covid-19 and the cancellation of assessment, there is no summary of the attainment and progress of pupils that have been supported by Service Pupil Premium for 2019-2021.

Key Targets for Improvement for 2021-2022 (SDP)

1. To improve the attainment and progress in writing across the school; continuing to build writing stamina, create opportunity for innovation and maintain quality and accuracy in the composition and sentence structure.

- To deliver effective interventions and 'catch up, keep up' programmes, which offer rich learning opportunities and experiences for all children, specifically targeting disadvantaged pupils, and others, who are working behind their peers.
- To achieve the continued and successful implementation of Maths No Problem across the school (supported by the Surrey Maths Hub Level 3), contributing to adaptations to the EYFS Maths Teaching and Learning and an increase and improvement in maths progress and attainment.
- To continue developing and establishing a broad and rich curriculum from EY to KS2, which builds on prior learning and deepens learning connections; pupils develop positive attitudes, values and transferable skills which encourage them to take ownership for their learning.
- To improve the attainment and progress in phonics so reading fluency develops at a quicker pace in Reception.

Intended Pupil Premium Expenditure for 2021-2022

Activity and Resource	Cost	Expected Impact																
Head Teacher allocated time to monitor, review and support provision for Service children across the school; via Pupil Progress meetings, data scrutiny, quality assurance, moderation, pupil conferencing, learning walks and lesson observations. (Addressing Barrier to Learning 2, 3)	£2650 approx.	Increase percentage of Service children achieving expected progress and outcomes and at greater depth across the curriculum.																
SENCO allocated time to monitor, review and support provision for Service children with Special Educational Needs (Addressing Barrier to Learning 3)	£3000 approx.	Increase percentage of Service children achieving expected progress and outcomes and at greater depth across the curriculum.																
EYFS and KS1 Lead allocated time to monitor, review and support provision for Service children across EYFS and KS1; via Pupil Progress meetings, data scrutiny, quality assurance, moderation, pupil conferencing, learning walks and lesson observations. (Addressing Barrier to Learning 2, 3)	£3000 approx.	Increase percentage of Service children in EYFS and KS1 achieving expected progress and outcomes and at greater depth across the curriculum.																
Running events that integrate our service families and develop community cohesion. (Addressing Barrier to Learning 4)	£930 approx.	Service children's engagement promotes positive well-being and social opportunities, as well as feeling integrated into the wider community.																
Target children having intervention work with teachers, HLTA's and LSA's to help close the gap of progress and increase the number of Pupil Premium children at ARE/Greater Depth by the end of the year. Interventions are robust, frequent and reviewed regularly. (Addressing Barrier to Learning 3)	£2400 approx.	Teachers, HLTA's and LSA's to work with children through immediate intervention. All SPP children working with staff to make accelerated progress over year (intervention analysis). Early Years Toolkit, Education Endowment Foundation <table border="0"> <tr> <td>Early years interventions <small>Moderate impact for very high cost, based on extensive evidence.</small></td> <td>£ £ £ £ £ £</td> <td>🔒 🔒 🔒 🔒 🔒 🔒</td> <td>+5</td> </tr> <tr> <td>Collaborative learning <small>Moderate impact for very low cost, based on extensive evidence.</small></td> <td>£ £ £ £ £ £</td> <td>🔒 🔒 🔒 🔒 🔒 🔒</td> <td>+5</td> </tr> <tr> <td>Feedback <small>High impact for very low cost, based on moderate evidence.</small></td> <td>£ £ £ £ £ £</td> <td>🔒 🔒 🔒 🔒 🔒 🔒</td> <td>+8</td> </tr> <tr> <td>Small group tuition <small>Moderate impact for moderate cost, based on limited evidence.</small></td> <td>£ £ £ £ £ £</td> <td>🔒 🔒 🔒 🔒 🔒 🔒</td> <td>+4</td> </tr> </table>	Early years interventions <small>Moderate impact for very high cost, based on extensive evidence.</small>	£ £ £ £ £ £	🔒 🔒 🔒 🔒 🔒 🔒	+5	Collaborative learning <small>Moderate impact for very low cost, based on extensive evidence.</small>	£ £ £ £ £ £	🔒 🔒 🔒 🔒 🔒 🔒	+5	Feedback <small>High impact for very low cost, based on moderate evidence.</small>	£ £ £ £ £ £	🔒 🔒 🔒 🔒 🔒 🔒	+8	Small group tuition <small>Moderate impact for moderate cost, based on limited evidence.</small>	£ £ £ £ £ £	🔒 🔒 🔒 🔒 🔒 🔒	+4
