

Our Learning

Friday 7th April

This week in Year 2

Maths: We have been exploring clocks. We are experts at o'clock, half past, quarter past and quarter to!

English: We have been writing a diary entry in role as Grace Harding!

Science: We learnt about the stages of human growth.

Parent Request

Next term in RAW, we are going to be exploring special foods from a variety of cultures, countries and religions. We would love if some of your parents or families came in to speak to us about some of the foods that are special to you to help us develop a deeper understanding of the vast range of foods that are significant around the world.

If you are interested in coming in to share some of the special foods significant to you please email the lower school.

Home Learning

Reading: daily 10 minutes

Please listen to your child read their phonic reader book **every day** to help develop fluency, expression and comprehension. After listening to them read, **record** it in the Comments section in their reading record.

Sentence writing: daily 5 minutes

Please dictate the following sentences to your child for them to write on the back of this letter. These sentences include common exception words or words frequently used last week in class and were often misspelled. To maximise the impact of this task, please repeat the same sentences as often as possible.

1. The wrestler went to climb the fence.
2. I am friends with everybody because I am kind.
3. The beautiful rabbit hopped over the logs.
4. The class were excited because it was sunny.

Practice SATS papers:

Please practice and work through the past SATS papers.

- 1) Maths SATS paper
- 2) Comprehension SATS paper

If you would like to find some additional past papers to support your child at home, here is a link to the government website:

<https://www.gov.uk/government/collections/national-curriculum-assessments-practice-materials#key-stage-1-past-papers>
