

# Our Learning

Week 2 commencing 12.09.2022

## This week in Year 3:

**English:** In English this week, we have been looking at chronological instructions (focusing on imperative verbs and prepositions).

**Maths:** In Maths, we have been looking at number patterns when we count on and back in ones, tens and hundred.

**Topic:** In topic, we compared how we meet our needs today and how cavemen met the same needs back in the middle Stone Age (the Mesolithic period).

## Year 3 Challenge

*Answer to last week's challenge: The letter n*

What always runs, but never walks, often murmurs, never talks, has a bed but never sleeps, has a mouth but never eats?

## Termly Spellings

In class each term, we have been focusing on some key spellings. These spellings come from the National Curriculum Statutory word-lists for years 3 and 4. Please revise these spellings with your child at home e.g. in the car, when cooking dinner etc... and practice putting these words into sentences.

actual  
arrive

learn  
circle

group  
often

heard  
build

Can you create some rhyming sentences that include all the words?

*Each week, we will provide you and your child an optional activity to complete at home to help your child memorise their spellings.*

## Additional Notes or Information for the week

- We are reading Stig of the Dump in class this term, some children have already bought their own copy into school and read along with us when we read as a class. We recommend leaving these in their trays but if your child chooses to bring it home, please don't read ahead as we like to practice our prediction skills as part of reading.
- If you believe your child has been given a book that is the wrong reading level, please let us know and we will get them a book that is the correct level.
- Please do not hesitate to contact the upper school email with any questions that you have.

**English:** Next week in English, we will be using the skills we have developed this week to create our own set of instructions.

**Maths:** Next week in maths we will be focusing on adding ones, tens and hundreds.

**Topic:** Next week in history we will be looking at how homes changed throughout the Stone Age.
