

Our Learning

Week 4 commencing 26.09.2023

This week in Year 3:

English: In English, we have invented our own instructions and published them.

Maths: In Maths, we have been adding 3 digit numbers both without and with renaming.

Topic: In history, we have been comparing the Stone Age with the developments in the Bronze Age.

Year 3 Challenge

Answer to last week's challenge: Darkness

All about, but can't be seen. Can be captured but can't be held. No throat, but can be heard.

Termly Spellings

In class each term, we have been focusing on some key spellings. These spellings come from the National Curriculum Statutory word-lists for years 3 and 4. Please revise these spellings with your child at home e.g. in the car, when cooking dinner etc... and practice putting these words into sentences.

actual

learn

group

heard

arrive

circle

often

build

Challenge: Use objects at home to create each word (for example lego, rice, stones).

Next week

English: Next week in English, we will be creating a text map to help us memorise a short narrative.

Maths: Next week in maths, we will be subtracting ones, tens and hundreds.

Topic: Next week in history, we will be learning about the major developments in the Iron Age.

Additional Notes or Information for the week

- One maths topic we will be revisiting in Year 3 is telling the time on a digital and analogue clock – this is very different to other topics in maths, and the best way to learn is constant practice! Practise telling the time at home to help reduce that mental load when we revisit it during our maths lessons later on in the year.
- Remember homework is due every Thursday morning, and if you have not brought it in you will need to attend homework club during Thursday lunch time.
- Remember to regularly log in to Times Table Rockstars to practice your timestables – in year 3 we focus on 3s, 4s and 8s.
- Listen to Hopscotch's timestable songs on Youtube to help.
