

Our Learning

Week 1 commencing 06/11/23

This week in Year R

Phonics - We have rehearsed and consolidated autumn 1 sounds.

Maths - We have been learning about the concept of time and sequencing events.

Topic - We have started to learn all about space and what happens when we fall asleep.

English - We are reading 'Aliens Love Underpants'

Dear parents and carers,

During this week, we consolidated our Autumn 1 phase 2 sounds and graphemes. The children have continued to work hard at recognising and blending our sounds, working towards becoming fluent readers. In Maths we have been learning all about the concept of time, focusing on day and night and days of the week. The children explored routines that happen both during the day and at night.

We have started to explore space and all the exciting things that happen when we fall asleep. We have spent some time asking the children what questions they have and what they would like to learn within this topic. Please continue to encourage these conversations and help the children generate curiosity within this topic. The children thoroughly enjoyed their first science experiment, where they grew an alien by using a balloon and watched it whiz around the classroom.

Well, done to all the children for a fantastic first week back! They have transitioned nicely back into routines and school life. It was lovely to hear all about their adventures over half term and see their excitement for returning to school. As the weather is getting colder and wet play is becoming more likely, please can you ensure children are coming into schools with coats and wellies so that we can continue our learning adventures in the outside area.

We look forward to seeing you all at parents evening to celebrate the success of the children and celebrate all of their hard work.

Week commencing 13/11

Phonics - We will be continuing Phase 2 sounds.

English - We will continue to read 'Aliens love underpants and work on writing a wanted poster to find those cheeky aliens so stole all the underpants.

Maths - We are going to be looking at a composition of number up to 5.

Topic - What happens when we fall asleep?
