Decodable Quick Reading Comprehension

**Dandelion**

Practise reading these question words  
before you answer the questions.  
**What**

The dandelion is a plant.  
Would you like to find out its secrets?  
At times, a dandelion looks like a flower.  
But it can look like a cloud of fluff, too!

A dandelion seed needs water, sunlight and soil to live. Soon, a shoot will pop out of the ground.

When the dandelion gets bigger, its flower starts to open. We can see the bright petals. Eventually, the flower begins to close and die. However, this is not the end for the dandelion!
