

# Our Learning

Week 3 commencing 16.09.2024

## This week in Year 3:

**English:** In English this week, we have been innovating our instructions for how to wash something other than a woolly mammoth.

**Maths:** In Maths, we have been learning about place value and adding 1s, 10s and 100s.

**Topic:** In History, we investigated how people lived during the three periods of the Stone Age (Paleolithic, Mesolithic and Neolithic).

## Homework

This week's homework is an English task in which children should identify imperative verbs, adverbs and prepositions. **Due: Thursday 26<sup>th</sup> September**

We have printed a copy and put it in your homework folder, and it is also available on the school website.

Children have all been given Times tables Rock Stars logins. Please log on at home!

## Termly Spellings

In class each term, we have been focusing on some key spellings. These spellings come from the National Curriculum Statutory word-lists for years 3 and 4. Please revise these spellings with your child at home e.g. in the car, when cooking dinner etc... and practice putting these words into sentences.

actual

learn

group

heard

arrive

circle

often

build

Challenge: Create a crossword using as many of the words that you can.

## Additional Notes or Information for the week

- This week children have picked out a 'family reader' book from our Year 3 library – this does not need to be within your child's phonic ability/reading level, it is a book to enjoy together at home.
- It is the children's responsibility to look after their reading wallet, reading record and phonic reader' book. These should be brought into school every day.
- Children are allowed to change their own 'phonic reader' from the book boxes, they just need to let us know when they need to change it.
- Children are also allowed to bring in their own chapter book from home if they have something they are particularly enjoying reading.
- Please provide your child with a piece of fruit or vegetable for morning snack

**English:** Next week, we will be inventing our own instructions for doing anything (not restricted to washing something!)

**Maths:** Next week, we will be learning how to use column addition with and without re-naming.

**Topic:** Next week in history, we will be learning about the transition from the Stone Age into the Bronze Age.
